

SCI/NHBC Certification

Nova Structures Ltd

Modular System

SCI / NHBC Stage 1 System Certification

The Steel Construction Institute has assessed the structural aspects of the Nova Structures Ltd Modular System for Stage 1 – System Certification and confirms that it is suitable for use in the construction of dwellings in accordance with NHBC Standards Chapter 6.10 “Light steel framing”.

The system has been assessed for residential buildings up to two storeys high. The system uses modules manufactured from hot-rolled steel frames with cold-rolled steel wall, ceiling and floor panels constructed into modules offsite.

To confirm validity, please visit the SCI Certification and Assessment website at www.sci-assessed.com.

Raising Standards. Protecting Homeowners
